- Designing solutions for new SDK requirements
- Developing proposals for refactoring
- Coaching and mentoring team members
- Managing the development and release process
- Giving technical support to customers and colleagues for SDK integrations into customers' apps

### Your Background:

- 4+ years of experience in iOS development using Objective-C and Swift
- Broad knowledge in software architecture & design patterns as well as iOS frameworks (especially UIKit, CoreAnimation, Foundation)
- Deep knowledge and experience in developing, testing and debugging apps or libraries
- Familiar with the interaction between Swift and Objective-C
- Experience in connecting external (web) interfaces
- Familiar with tools: XCode, CocoaPods (integration of Pods into apps, console)
- Experience in developing libraries would be a plus
- Experience with Swift 4 would be a plus
- Experience in Android development would be a plus
- German language skills would be a plus

### About AddApptr:

AddApptr offers a premium mobile programmatic advertising solution for large app publishers. At its core, AddApptr is a tech company. Billions of ad impressions are delivered each month via the AddApptr Meta-RTB solution, creating millions of Euros in advertising revenues for AddApptr publishers. AddApptr also offers a full service package, managing all administrative work, account set up and yield optimization for premium publishers. Some of the world's largest app publishers and media companies are AddApptr customers.

### What we offer:

- A dynamic and highly committed team in an international, fast-pacing environment that is enriched by daily challenges

- An organization with flat hierarchies and short decision paths
- Flexible working hours and home office regulation
- Competitive compensation package, training programs and share options program
- Stay fit and healthy with us: fresh fruits, coffee, tea & juices, “bike to work” with JobRad
- Regular team events and team lunches
- A centrally located office with a beautiful view by the shores of Hamburg’s Alster
