

## Backend Developer PHP, MySQL, Java, C (f/m/d)

We are looking for a Backend Developer (f/m/d) to join our engineering team in the beautiful city of Hamburg! AddAppttr manages billions of transactions and requires a highly performant and flexible backend system. As a Backend Developer (f/m/d) at AddAppttr you will play a key role in developing the fastest, most reliable solution for mobile advertising.

### Your Role:

- Design, implementation, testing, commissioning and maintenance of backend systems
- Technical environment: Linux, PHP, C/C++, Java, MySQL / MariaDB, Redis, Kafka et al.
- Communication with management and members of other technical teams
- Performance analysis and optimization

### Your Background:

- 3+ years of experience in IT operations that include programming with PHP and Java
- You are very familiar with a Linux / MacOS environment
- Strong experience with SQL and NoSQL DBMS (MySQL, Redis, Clickhouse)
- Experience in planning and maintaining large and high-performance backend systems
- Familiar with BigData streaming technologies: Kafka, Storm, Spark, Flink et al.
- Ability to estimate time and effort realistically

### Nice-to-haves:

- Experience with basic web technologies (XHTML, XML, JSON, AJAX)
- Experience with Apache Hadoop & Druid, Logstash, Elasticsearch
- Know-How of system administration (Debian Linux)
- Experience in machine learning or other programming languages are a plus

### About AddAppttr:

AddAppttr offers a premium mobile programmatic advertising solution for large app publishers. At its core, AddAppttr is a tech company. Billions of ad impressions are delivered each month via the AddAppttr Meta-RTB solution, creating millions of Euros in advertising revenues for AddAppttr publishers. AddAppttr also offers a full service package, managing all administrative work, account set up and yield optimization for premium publishers. Some of the world's largest app publishers and media companies are AddAppttr customers.

### What we offer:

- A dynamic and highly committed team in an international, fast-paced environment that is enriched by daily challenges
- An organization with flat hierarchies and short decision paths
- Flexible working hours and home office regulation
- Competitive compensation package, training programs and share options program
- Stay fit and healthy with us: fresh fruits, coffee, tea & juices, "bike to work" with JobRad
- Regular team events and team lunches
- A centrally located office with a beautiful view by the shores of Hamburg's Alster
