

Junior Backend Developer PHP, MySQL, Java, C (f/m/d)

We are looking for a Junior Backend Developer (f/m/d) to join our engineering team in the beautiful city of Hamburg! AddApptr manages billions of transactions and requires a highly performant and flexible backend system. As a Junior Backend Developer (f/m/d) at AddApptr you will play a key role in developing the fastest, most reliable solution for mobile advertising.

Your Role:

- Design, implementation, testing, commissioning and maintenance of backend systems
- Technical environment: Linux, PHP, C/C++, Java, MySQL / MariaDB, Redis, Kafka et al.
- Communication with management and members of other technical teams
- Performance analysis and optimization

Your Background:

- Experience in IT operations that include programming with PHP and Java
- You are very familiar with a Linux / MacOS environment
- Experience with SQL and NoSQL DBMS (MySQL, Redis, Clickhouse)
- Experience in planning and maintaining large and high-performance backend systems
- Familiar with BigData streaming technologies: Kafka, Storm, Spark, Flink et al.

Nice-to-haves:

- Experience with basic web technologies (XHTML, XML, JSON, AJAX)
- Experience with Apache Hadoop & Druid, Logstash, Elasticsearch
- Know-How of system administration (Debian Linux)
- Experience in machine learning or other programming languages are a plus

About AddApptr:

AddApptr offers a premium mobile programmatic advertising solution for large app publishers. At its core, AddApptr is a tech company. Billions of ad impressions are delivered each month via the AddApptr Meta-RTB solution, creating millions of Euros in advertising revenues for AddApptr publishers. AddApptr also offers a full service package, managing all administrative work, account set up and yield optimization for premium publishers. Some of the world's largest app publishers and media companies are AddApptr customers.

What we offer:

- A dynamic and highly committed team in an international, fast-paced environment that is enriched by daily challenges
- An organization with flat hierarchies and short decision paths
- Flexible working hours and home office regulation
- Competitive compensation package, training programs and share options program
- Stay fit and healthy with us: fresh fruits, coffee, tea & juices, "bike to work" with JobRad
- Regular team events and team lunches
- A centrally located office with a beautiful view by the shores of Hamburg's Alster
